

10th International Short Film Festival

Official Short Film Contest Regulations

Article 1. Denomination

The Corti a Ponte Association herewith announces the 8th edition of the International Short Film Competition named "*Corti a Ponte - official contest*".

Article 2. Entry

Entry to the competition is free.

There are no age limits, nor residence or citizenship restrictions.

Article 3. Works

Article 4. Sections

The competition has two sections:

1. NARRATIVE SHORT FILMS

for live action fictional short films.

2. ANIMATION

for short films created with any animation technique (traditional, stop motion, pixilation, 2D, CG, 3D, ...)

Article 5 - Narrative Short Film Section

5.1 Only narrative live action short films can enter the competition. Video documentaries, art-videos, dance-videos and pictures sequences will not be accepted.

Works participating to the narrative short film section may have either a free or a given theme.

5.2 Films can develop one of the following themes:

- **Free theme**

With no restraints to content and genre.

- **Bridge**

This theme can be analyzed from every point of view, with any meaning and by any facet. For instance, the film can tell about physical, real, unreal, ancient or modern bridges. The bridge could be metaphorical: the encounter of two different realities, the breaking of a barrier, getting near someone, ... The theme can also be related to cultural exchanges and relationship between European cities (twinning).

- **Slowness**

This theme is inspired by the Festival of Slowness, a local event built around the concept of SLOW. The theme can be developed around the slowness of a physical movement of a person, an object, an animal, a process or an event. The theme may also be dealt with by using slowness as a narrative style, as a characteristic of the narrative speed or of the editing rhythm. The theme can lead to reflecting about the fact that slowness is not only a physical matter, but also a social necessity, a way to notice the other: listening and dialoguing is the only way to get a proper vision of our historical and human context.

5.3 Narrative shorts must have a maximum duration of 15 '.

Article 6 - Animated Short Films Section

6.1 Works of any subject and any genre can participate in the animation section.

6.2 The animated short films must have a maximum duration of 15 '.

Article 7 - Creative Commons

Corti a Ponte devotes special attention to short films published under a Creative Commons license, or whose material has been released under a Creative Commons license (images, screenplay, music, etc).

Only works that express and apply the license correctly will be eligible for the competition. If the selection committee notices irregularities or improprieties in a valuable work, the film might be admitted under reserve and the author will be required to bring the necessary changes.

Article 8 - Language

Works must be in Italian or with Italian subtitles. English subtitles will be accepted only if they are sent in a separate .srt file with correct time-codes, along with a file with no subtitles, so that the Organization will be able to translate them in Italian. The organizers may reject English-subtitled films that are not submitted correctly.

Article 9 - How to enter

To enter the competition author must send the file through the on-line platform FESTHOME <https://festhome.com> by **December 06, 2016**. No other submission method will be accepted.

Article 10 - Selection

All received films will be watched by the Festival Selection Committee that will write a short list. Films will be selected on quality, easing the participation of different countries and different genres. Short listed authors will be contacted via e-mail or via subscription-platform internal mail. Authors might be requested to complete the documentation or to send a higher quality file. Films will be selected as finalists only with complete documentation. Due to the high number of entries, non selected works won't receive any notification. The short films will become part of the Festival's Archive.

Finalist films will be included in the festival program and screened during the festival. The list of finalists will be available on-line.
